Arraignment of the Old Parties.

We arraign the Republican and Democratic parties as false to the standards reared by their founders: as fash the standards reared by their law "which is as inflexible in political affairs as in personal life; and as no longer embodying the aspirations of the American people or inviting the confidence of culightenet, progressive patriotism. Even the tariff issue as represented in the Democratic Mills and the Republican McKinley Isll is no longer treated by thom as an issue upon great and divergent principles of government, but is a more catering to different sectional and class interests. The attempt in many states to wrest the Australian ballot system from its frue purpose and to so deform it as to render it externed difficult for new parties to exercise the rights of softrage is an outrage upon popular government. The competition of both he parties for the vote of the shuns and their assiduous courting of the liquor pswer and subservicincy to the money power has resulted in placing those powers in the position of practical arbitrers of the destinics of the ration. August Flower"

"I am Post Master here and keep a Store. I have kept August Flower for sale for some time. I think it is a spleudid medicine." E. A. Bond, P. M., Pavilion Centre, N. Y.

The stomach is the reservoir. If it fails, everything fails. The liver, the kidneys, the lungs, the heart, the head, the blood, the nerves all go wrong. If you feel wrong, look to the stomach first. Put that right at once by using August Flower. It assures a good appetite and a good digestion.

Seasonable Hints.

The present weather has given rise to a large number of cases of pneumonia, picurisy, and rheumatism. All of these diseases begin with a cold. This fastens upon the kidneys and manifests itself in one of the maladies named above. If the sufferer will take Reid's German Cough and Kid-NEY CORE he will be speedily relieved, for this great remedy contains no poison. It excites the kidneys to action, stimulates the circulation, relieves the lungs of their burden, and will thus cure the worst case of pneumonia or pleurlsy, and will relieve an attack of rheumatism quicker, than anything else. It is the only remedy on the market that will relieve the consequences of cold, or from any malady that arises from a cold. Ask your druggist for it, and if he does not have it write to us and we will send it to you by mail or express. Small bottles are 25 cents, large ones
